

AI PROMPT EXAMPLE

Scene	Time stamp	Visual Representation	Voiceover	Music & Sound Effects
Hook	0:00 - 0:05	Close-up shot of a British Shorthair cat with its round face and plush fur. The cat is looking directly into the camera and gives a slow, deliberate blink. The background is slightly blurred to keep the focus on the cat's face.	Ever wondered what goes on in the mind of a British Shorthair cat?	Light-hearted, upbeat music
Scene 1: The Stare Down	0:05 - 0:15	Show a British Shorthair sitting on a couch, staring intently at a laser pointer dot on the wall. The cat remains completely still, except for its twitching tail. The background should be a cosy living room setting.	Meet Mr. Fluffy. His hobbies include intense staring contests... with inanimate objects.	Soft background music to match the contemplative mood
Scene 2: The Failed Jump	0:15 - 0:25	Cut to the same cat attempting to jump onto a kitchen counter. It misses and lands back on the floor with an unamused expression. The kitchen setting should be modern and bright.	And epic, gravity-defying jumps... or not.	Comedic sound effects for the jump, accompanied by light-hearted background music
Scene 3: The Food Critic	0:25 - 0:35	Show the cat sitting in front of its food bowl, sniffing the food cautiously, then dramatically walking away as if offended. The food bowl should be in a clean, well-lit kitchen corner.	Gourmet food? Only if it meets his high standards.	Light, humorous background music with a comedic sound effect when the cat walks away
Scene 4: The Cozy Nap	0:35 - 0:45	Transition to the cat curled up in an impossibly small cardboard box, snoring softly. Add a text overlay that reads 'Nap Expert!'. The background can be a cosy nook or a corner of a room with soft lighting.	When he's not busy, Mr. Fluffy is a professional napper. No box is too small!	Soft, soothing background music with a gentle snoring sound effect
Scene 5: The Laser Chase	0:45 - 0:55	Show a fast-paced montage of the cat chasing a laser pointer around the room, with exaggerated, comedic sound effects of running and slipping. The room should have enough space for the cat to run around.	But when it's playtime, he's unstoppable... almost.	Fast-paced, playful music with comedic sound effects of running and slipping
Payoff	0:55 - 1:00	End with a slow-motion shot of the cat finally catching the laser pointer, looking victorious. Text overlay: 'Adopt a British Shorthair today! #CatLife'. The background can be a neutral, soft-focus living room setting.	British Shorthair cats – they may be quirky, but they're always charming.	Triumphant music to emphasise the cat's victory
